

# ARKADAŞIM NEZAKET MY FRIEND KINDNESS

**IN OUR PROJECT, WE WANT TO NOT ONLY DEVELOP CHILDREN'S EMOTIONAL INTELLIGENCE, BUT ALSO PROVIDE THEM WITH LIFE SKILLS THAT TEACH THEM TO CARE ABOUT OTHERS AS WELL AS THEMSELVES.**

**WHEN WE INCREASE GOOD EXAMPLES OF PEER KINDNESS, WE AIM TO DEVELOP STUDENTS IN CARING FOR EACH OTHER, COMPASSION, EMPATHY AND RESPECT, BEING APPRECIATED FOR OTHERS, GRATITUDE AND SELF-AWARENESS. VISUALS WITH WEB2 TOOLS. WE AIMED FOR THEM TO PREPARE PRESENTATIONS, ORGANIZE COMPETITIONS WITH THEIR FRIENDS AND TAKE PART.**

**To teach students to understand each other's feelings through empathy, compassion and respect. To ensure that they become citizens of the world where love and kindness increase, not bullying. To increase their social communication. To teach them to follow technological innovations with Web2 tools and share them with their peers. To make them taste the happiness of living in a world where kindness in the environment increases. To ensure that they become good world citizens and exemplary individuals. To teach Web2 tools and developing technology.**

Thank you!
